Whether you are planning a career in psychology or taking the course to gain personal insights about yourself and others, we hope that you will find this a useful and interesting course of study. This telecourse is designed to cover the concepts, vocabulary, and subjects usually treated in an on-campus college introductory psychology course typical of any two- or four-year college or university. As with a campus course, this telecourse has a text, a student study guide, tests, and assignments. But, unlike a campus course, this telecourse also includes 26 half-hour video programs. The text is Psychology, sixth edition, by Carole Wade and Carol Tavris (Prentice Hall, 2000). This book, Telecourse Guide for Psychology: The Study of Human Behavior, will direct your study throughout the course, providing reading and viewing assignments, study activities, and practice test questions. Note that each chapter of this guide begins with a list of the assignments to make it easier for you to plan your studies. Just inside the back cover is...

Reviews

This ebook is definitely not simple to begin on reading but really enjoyable to read through. This really is for all who state that there had not been a worth reading. You may like how the author publish this ebook.

This book may be really worth a read through, and a lot better than other. It is really basic but excitement inside the 50 % in the pdf. I realized this pdf from my dad and i encouraged this publication to learn.
