ESSENSE OF NATURE

Lulu.com, United Kingdom, 2013. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.This book proposes solutions to the majority of the unsolved problems in Physics and Cosmology. These solutions follow naturally from a new concept for the structures of the matter and the Universe, also introduced in the book. The abundance of unsolved problems is largely due to the wrong direction Physics took after the so called revolution at the beginning of 20th century. The new concept reinstates the existence of Ether as the fundament of Matter and the Universe. This concept explains the nature of light, the wavy nature of the matter particles, their mass increase with time, the nature of gravity, the accelerated expansion of the Universe, the bulb-like structure of the Universe, the growing entropy, and so on. The real structure of the elementary particles easily explains the nature of strong interaction and helps establish the natural structure of atomic nucleus, as coaxially-arranged, flat, disc-like nucleons. This structure is in full agreement with the Laws of Physics.
