Technology has not only changed the way companies sell but also the way managers build and develop their team. With a savvy, younger generation to manage and fewer resources to do so, managers have less face time with their staff. As more companies transition to a virtual team environment, it's essential for managers to learn how to quickly and efficiently coach, develop, motivate, and retain their people at a distance, over the telephone, and via the Internet. Coaching Salespeople into Sales Champions is an essential playbook that you can reference daily to develop your own executive sales coaching skills, the missing discipline among today's leaders. Using a tactical coaching system that is easy to deploy on a consistent basis, this audiobook shows you how to realize the potential of your sales team and retain your top performers. Packed with real case studies, a 30-Day Turnaround Strategy, coaching templates, and a library of powerful coaching questions, this is the ultimate practical sales coaching resource for sales managers, executives, and business owners.
