Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Elements of Mammalogy: Prepared for the Use of Schools and Colleges The First Book of Natural History, has been received with so much favour, as to induce me to prepare the second of the series, which embraces the study of mammiferous animals. Although, like Physiology and Animal Mechanism, this is a Primer, or First-Book, I have named it, Second Book of Natural History, with the view of designating the series numerically, and thereby obviating confusion on this point. As in many instances, the same animal is known by different common names in different places, (the Rock-fish of Philadelphia, for example, is a Striped-Bass, at Boston), I have added the systematic names, which are generally derived from the Greek or other languages, and presented in a Latin dress. To facilitate the labours of the student, all these names have been given in a glossary with their respective definitions, and etymologies. The Greek words have been printed in italics, and where it occurs, the omega has been designated by a mark over the o, thus; (o.) It is believed that a knowledge of the etymology of systematic names materially assists the student in understanding and recollecting the things they designate: it is therefore respectfully suggested, that teachers should require their pupils, when reciting their lessons, to explain all the uncommon words contained in it, or even commit the whole glossary to memory in successive lessons. It is not designed that the questions at the foot of the page shall be answered by repeating the text from memory; but the pupil should be able to give the facts in his own language, and show he understands the subject. The plates were engraved by Mr....
