Theories of Consciousness: An Introduction and Assessment

By William Seager

Taylor Francis Ltd, United Kingdom, 2016. Paperback. Book Condition: New. 2nd Revised edition. 246 x 174 mm. Language: English . Brand New Book. Despite recent strides in neuroscience and psychology that have deepened understanding of the brain, consciousness remains one of the greatest philosophical and scientific puzzles. The second edition of *Theories of Consciousness: An Introduction and Assessment* provides a fresh and up-to-date introduction to a variety of approaches to consciousness, and contributes to the current lively debate about the nature of consciousness and whether a scientific understanding of it is possible. After an initial overview of the status and prospects of physicalism in the face of the problem of consciousness, William Seager explores key themes from Descartes - the founder of the modern problem of consciousness. He then turns to the most important theories of consciousness: * identity theories and the generation problem * higher-order thought theories of consciousness * self-representational theories of consciousness * Daniel Dennett's theory of consciousness * attention-based theories of consciousness * representational theories of consciousness * conscious intentionality * panpsychism * neutral monism. Thoroughly revised and expanded throughout, this second edition includes new chapters on animal consciousness, reflexive consciousness, combinatorial forms of panpsychism...
