

## Syphilis as a Modern Problem (Classic Reprint)

Filesize: 2.89 MB

### ***Reviews***

*This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.*

*(Prof. Loyce Runolfsson Jr.)*

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Syphilis as a Modern Problem In the following pages the subject of syphilis has been considered from the standpoint of the problems of the disease as they affect the individual and society; not that of the problems of the physician in his treatment of it. The topics which have been considered have an interest for the layman as well as for the physician. The subject of syphilis should have an appeal to the intelligent layman far beyond its medical interest. The disease is one of the scourges of humanity; its control one of the most important of sanitary problems. Medicine has measures to offer in the direction of its sanitary control that do not involve the legal recognition of prostitution and that should not be morally objectionable. They are practical measures, which if given thorough and wide application, while they would not eradicate the disease, would vastly reduce its ravages. It seems incredible that society will not in time avail itself of this opportunity. When it does so, it will be through the influence of the enlightened public; the medical profession can only initiate the movement. It is to the intelligent public then that this treatment of the subject has been in great part directed. The effort has been made to write, not a popular volume on the subject, but a substantial presentation. An occasional paragraph, I fear, will be found rather technical. The endeavor has been on the whole, however, to avoid technicalities, as far as possible in a concise statement of the subject, so that the layman can read the work without undue effort. About the Publisher Forgotten Books publishes hundreds of thousands...
